FINE FIRECLAY

Bocchi brings back the ultimate material to your kitchen. Fireclay, a 100% natural and recyclable material used by craftsman for centuries to create timeless appliances has now returned to our kitchens. Due to the specialized manufacturing process, which includes firing the product in kilns up to 2000F temperatures, fireclay becomes one of the most durable materials used in today's kitchen sinks. Their special glaze coating that is fused with the fireclay body during firing gives fireclay sinks a non-porous, uniform surface which will not scratch, rust or stain over time.

Bocchi Fireclay Farmhouse Kitchen Sinks allow homeowners to complement other furnishings and incorporate many different themes to showcase their creativity. Whether you are considering a Bocchi Farmhouse sink with its distinctive design and color personality as the epicenter of your dream kitchen or simply willing to enjoy the timeless elegance of fireclay as an undermount sink, Bocchi kitchen sinks are truly crafted to match your desires and beyond.

EXCLUSIVE BOCCHI COLORS

Look around, you will see millions of colors in nature. How about the colors inside your inner world?

Now Bocchi gives you the opportunity to carry all these colors into your kitchen. You can create unique kitchen solutions combining 9 different colors with warm and minimalistic designs of Bocchi products.

SUPER SMOOTH SURFACE

Super Smooth Surface technology has been developed to minimize lime remains, undesirable dirt and bacteria on ceramic surfaces and make cleaning easier. This technology is the result of many years of research. Super Smooth Surface is 19 times smoother and has less roughness than the regular glazed surface.

Test results show that super smooth technology provides a surface that has a higher quality than regular porcelain surfaces. Therefore, the Super Smooth Surface requires much less water to clean and is of course more hygienic.

19X SMOOTHER, 19X EASIER

developed by
BOCCHI

CLEAN PLUS+

Another novelty from Bocchi is the Clean Plus+ Technology. This technology helps you keep your kitchen sink always brilliant, clean, shiny and new.

Clean Plus+ technology decreases roughness so the contact angle of the ceramic surface can create a hydrophobic effect, which helps to prevent lime remains and undesirable dirt. A smooth wipe and a mild cleaning would be sufficient to maintain the spark of your kitchen.

FIRECLAY SINK FEATURES

Sink Rack & Strainer
Each sink comes with a specially designed fitting sink rack

Bocchi Super Smooth Surface
Decreased roughness makes cleaning easier and leaves sink always shiny

Bocchi Clean Plus+
Developed to minimize lime remains, dirt and bacteria on ceramic surfaces

Step Rim Design
A lowered inner basin ledge to allow the integrated use of special designed accessories

Beautiful & Functional Designs
Elegant, sophisticated and clean lines, apron front or undermount, designed for traditional or contemporary kitchen. Every collection offers variety of widths, single or double bowl options

Natural
Made out of Fine Fireclay, a 100% organic material

VIGNETO[™] STEP RIM

Probably the most important reason of apron-front sinks' popularity is their unique combination of beauty and functionality. Vigneto Step Rim Sinks bring the beauty of the grape-vine design together with the ultimate functionality of step rims. Available with a wide single-bowl or a large double-bowl with a lowered divider, Vigneto Step Rim apron-front sinks are large enough to accommodate oversized cookware and cookie sheets, and their distinctive form creates a stunning focal point in the kitchen. The Vigneto Step Rim Sinks take the apron-front sink concept to a creative artful direction, with its distinctive pattern of horizontal grapevine apron ledge that adds an eye catching quality. Form fitting rack, strainer and cutting board are included with each Vigneto Step Rim Farmhouse sink.

CLASSICO™

There are distinct features of apron-front sinks that reminds us a simpler era. These utilitarian fixtures reflect a hard-working history as everything from spacious work spaces to bath basins for dogs and small children. No wonder they've long been an iconic element in traditional-style kitchens. Classico Collection of sinks offer four different size options and wide selections of colors. Form fitting sink rack and strainer are included with each Classico Farmhouse sink.

KITCHEN FAUCETS

Livenza
2015 0001
Brushed Nickel (BN)

FUNCTION & QUALITY ASSURED

All BOCCHI faucets use the finest components, from silky smooth ceramic cartridges to our anti splash aerators at the end of each spout – all are designed to improve the experience as well as the durability of using our faucets. These small things might not be immediately noticeable but they add up, to bring to your homes a great design and to you, a unique everyday experience.

AERATORS & SPOUTS & SPRAYS

All faucets use spout aerators or flow straighteners to add actual air to the water, which contributes to the protection of the environment. Every spray function spout is subject to a tough life-time test guaranteeing **10,000** times of usage. On top of that, each swivel spout tested solid for **50,000** times. These innovations in fluid technology keep your water flow in a controlled and distinctive pattern and eliminates splash back.

EUROPEAN CERAMIC CARTRIDGES

At the heart of every BOCCHI faucet operates a silky-smooth European ceramic cartridge. We test them for **500,000** cycles before we will pass them for use within our faucets. Why? Well this means that under normal use conditions your faucet cartridges have proven that they will work for many years to come. The kitchen faucet is the most used appliance in the kitchen, so cartridge quality assurance is essential.

FINISHING QUALITY

We use traditional artisan hand polishing techniques which ensure perfect blemish free surfaces and crisp edges. BOCCHI faucets include three different surface finishes to choose from: Polished Chrome, Brushed Nickel (BN) and Oil Rubbed Bronze (ORB). With more than 8µm nickel thickness and 0.25µm chrome thickness, the most preferred Polished Chrome Finish assures an ever-lasting, shiny surface. All this means that the finish is richer, the plating deeper and ultimately more durable.

LIFETIME LIMITED WARRANTY

Such is our dedication and reputation for quality, we offer a Limited Lifetime Warranty on all our kitchen faucets, from our least to most expensive designs. We cover the materials used and valves for the lifetime period from the date of registration. For more details refer to page 66.

WARRANTY & CARE

Thank You For Choosing Bocchi

Thank you for choosing Bocchi. By doing so, you will enjoy the outstanding quality and durability of your new Bocchi product for many years to come.

All information in this guide is based upon the latest product information available at the time of publication. At Bocchi, we strive to fulfill our mission of improving the level of luxurious living for each person who is touched by our products and services. We reserve the right to make changes in product characteristics, packaging, or availability at any time without notice.

Please take a few minutes to review this guide. Pay special attention to the care and cleaning instructions.

FIRECLAY KITCHEN SINK LIFETIME LIMITED WARRANTY

Bocchi warrants its fireclay kitchen, bar, and utility sinks, to be free of defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. Gloss reduction, scratching, staining and acid or alkaline etching of the finish over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects but are indicative of normal wear and tear. This warranty applies only to Bocchi fireclay kitchen, bar, and utility sinks installed in the United States of America or Canada (North America). If a defect is found in normal residential use, Bocchi will, at its election, repair, replace or make appropriate adjustment. Damage caused by accident, misuse, or abuse, such as dents and scratches after installation, is not covered by this warranty. Improper care and cleaning will void the warranty. Proof of purchase (original sales receipt) must be provided to Bocchi with all warranty claims. Bocchi is not responsible for labor charges, installation, or other incidental or consequential costs. In no event shall the liability of Bocchi exceed the purchase price of the product.

If the fireclay kitchen, bar, or utility sink is used commercially or is installed outside of North America, Bocchi Co. warrants the fireclay sink to be free from defects in material and workmanship for one (1) year from the date the product is installed, with all other terms of this warranty applying except duration. All other components other than the fireclay sink carry Bocchi's one-year limited warranty unless otherwise specified.

FAUCET ONE-YEAR LIMITED WARRANTY

Bocchi warrants all aspects of the faucet or accessories ("Faucet"), (except non-chrome finishes) to be free of defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. This warranty applies only to Bocchi faucets installed in North America. If a defect is found in normal residential use, Bocchi will, at its election, repair, provide a replacement part or product, or make appropriate adjustment. Damage to a product caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty*. Bocchi is not responsible for labor charges, installation, or other incidental or consequential costs. In no event shall the liability of Bocchi exceed the purchase price of the Faucet.

If the Faucet is used commercially or is installed outside of North America, or if the finish is Brushed Nickel (BN) or Oil Rubbed Bronze (ORB) finish, Bocchi warrants the Faucet to be free from defects in material and workmanship for one (1) year from the date the product is installed, under Bocchi standard one-year limited warranty.

*DO NOT use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents or other products not recommended for chrome. This will void the warranty.

To obtain warranty service contact Bocchi either through your Dealer, Plumbing Contractor, Home Center or E-tailer, or by writing Bocchi Co., Attn.:

Customer Care Center, 11350 Old Roswell Rd. Ste 600 Alpharetta, GA 30009, USA. Please be sure to provide all pertinent information regarding your claim, including a complete description of the problem, the product, model number, color, finish, the date the product was purchased and from whom the product was purchased. Also include your original invoice.

IMPLIED WARRANTIES INCLUDING THAT OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED IN DURATION TO THE DURATION OF THIS Bocchi AND/OR SELLER DISCLAIM ANY LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province. This warranty is to the original consumer purchaser only, and excludes product damage due to installation error, product abuse, or product misuse, whether performed by a contractor, Service Company or the consumer. This is Bocchi's exclusive written warranty.

General Care and Cleaning Tips for Bocchi Products

For best results, keep the following in mind when caring for your new product:

Always test your cleaning solution on an inconspicuous area before applying to the entire surface.

Wipe surfaces clean and rinse completely with water immediately after applying cleaner. Rinse and dry any overspray that lands on nearby surfaces.

Do not allow cleaners to soak on surfaces.

Use a soft, dampened sponge or cloth. Never use an abrasive material such as a brush or scouring pad to clean surfaces.

Care and Cleaning Tips for Bocchi Fine Fireclay Kitchen Sinks

Rinse thoroughly and use a soft cloth to wipe the product dry after each use.

Soft abrasive cleaners may be used when necessary to clean Bocchi fireclay products. Strong abrasive cleaners will scratch and dull the surface.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within these factors, Bocchi cannot guarantee the effectiveness of the formulas mentioned.

Bocchi kitchen sink accessories, including bottom bowl racks, wire rinse baskets, cutting boards and colanders will help to protect the surface of your sink.

Care & Cleaning Tips for Chrome and Other Finish Metal Surfaces

Do not use cleaners containing ammonia, bleach or acid.

Rinse thoroughly and use a soft cloth to wipe the product dry after each use.

The Oil-Rubbed Bronze finish should be cleaned only with Windex Original.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within these factors, Bocchi cannot guarantee the effectiveness of the formulas mentioned.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your product looking beautiful.
