Beautiful & Functional Designs

Elegant, sophisticated and clean lines, apron-front, undermount, or drop-in styles; designed for traditional or contemporary kitchens with additional styles perfect for an easy remodel; every collection offers variety of widths, single or double bowl options

Sink Rack & Strainer

Each sink comes with a specially designed fitting sink rack

Bocchi Colors

Each sink is available in 9 exclusive colors

Environment Friendly

Bocchi sinks are made out of natural fireclay material and require less water to clean

Natural

Made out of Fine Fireclay, a 100% organic material

Integrated Step Rim Accessories

Cutting board and colanders specifically designed for Step Rim Farmhouse sinks to provide extra comfort and functionality

Impact-resistant
Extremely durable material resisting to impact

Heat Proof
Extreme heat from pots and pans or almost anything

Food-Safe
Absolutely safe for food, and safe for you

Stain-resistant
Food/drink stains cannot stick

Anti-splash
Apron-Front design protects your cabinets

Super Smooth Surface
19 times smoother than ordinary fireclay surface preventing dirt and bacteria to stick

Bocchi Clean Plus+
Easier to clean & stays clean longer

FINE FIRECLAY

BOCCHI brings back the ultimate material to your kitchen. Fireclay, a 100% natural and recyclable material, used by craftsmen for centuries to create timeless fixtures, has now returned to our kitchens.

Due to the specialized manufacturing process, which includes firing in kilns up to 2000 degrees Fahrenheit, fireclay becomes one of the most durable materials used in today's kitchen sinks. Their specialized glaze coating that is fused with the fireclay body during firing gives fireclay sinks a non-porous, uniform surface which will not scratch, rust or stain over time.

Bocchi Fireclay Kitchen Sinks allow homeowners to compliment other furnishings and incorporate many different themes to showcase their creativity.

Whether you are considering a Bocchi Farmhouse sink with its distinctive design and color personality as the epicenter of your dream kitchen, or selecting the timeless elegance of fireclay as an undermount or drop-in sink, Bocchi kitchen sinks are truly crafted to match your desires and style.

EXCLUSIVE BOCCHI COLORS

Color choices in the home create focal points, convey emotions and reflect our personal style.

Now Bocchi gives you the opportunity to carry all these colors into your kitchen. You can create unique color stories in your home that balance the natural focal point created by your kitchen sink with the harmony created by your other finishes.

SUPER SMOOTH SURFACE

Super Smooth Surface technology has been developed to minimize lime remains, undesirable dirt and bacteria on ceramic surfaces and make cleaning easier. This technology is the result of many years of research.

Super Smooth Surface is 19 times smoother and has less roughness than regularly glazed surfaces.

Test results show that super smooth technology provides a surface that has a higher quality than regular porcelain surfaces. Therefore, the Super Smooth Surface requires much less water to clean and is more hygienic.

19X SMOOTHER, 19X EASIER

CLEAN+ TECHNOLOGY

Another innovative enhancement from BOCCHI is the Clean+ Technology. This technology helps you keep your kitchen sink always brilliant, clean, shiny and new.

Clean+ Technology decreases roughness so the contact angle of the ceramic surface can create a hydrophobic effect, which helps to prevent lime remains and undesirable dirt build up.

A smooth wipe and a mild cleaning would be sufficient to maintain the spark of your kitchen.

VIGNETO

VIGNETO

Country flavor and character meet in elegant and sophisticated style.

The Vigneto Collection's bountiful style and refined utility create the ultimate kitchen work space. The Vigneto sinks take the apron-front sink concept in a creative, artful direction, with its distinctive pattern of horizontal grapevine apron ledge that adds an eye catching quality.

The Vigneto luxury farmhouse sink collection includes fireclay sinks in a variety of widths ranging from 27 to 36 inches, and single or double bowl options. Form fitting sink rack and strainer are included with each Vigneto Farmhouse sink.

CONTEMPO STEP-RIM

CONTEMPO STEP-RIM

At first it may seem odd to include a farmhouse sink in a modern kitchen setting, but thanks to their clean lines and transitional forms, the Contempo Step-Rim sinks are a perfect fit.

Contempo Step-Rim sinks beautifully compliment both traditional and contemporary kitchens, while bringing the ultimate in workplace functionality thanks to uniquely designed cutting board and colander options.

Available in a wide range of single and double bowl options, Contempo Step-Rim sinks include form fitting sink racks and strainers. Uniquely fitted wooden cutting boards and colanders complete the package.

NUOVA

NUOVA

Nuova Farmhouse sinks make remodels a breeze with a specially designed face that cleverly hides imperfections and alternations in cabinets and counters, much like a traditional drop-in sink. Nuova makes it possible for you to swap out that old sink in favor of the farmhouse look without the need for all new cabinets and counter-tops, and they look great in both contemporary and traditional rooms.

Form fitting sink racks and strainers are included with each Nuova Farmhouse sink.

ADERCI

ADERCI

Aderci epitomizes the latest in fireclay technology and gives a timeless classic a modern and ultra-chic glam-up!

Organically made, Aderci uses a new, complex blend of natural materials including aluminum to add the strength of metal to the warmth of fireclay, allowing wall thickness to be cut nearly in half. These stronger, yet thinner, walls create an effortlessly elegant appearance that functionally offer 15-20% more cubic space. This means more room to maneuver pots and pans without sacrificing counter space.

Aderci is strength and elegance at its very best!

Fortified Fireclay Technology

Fortified Strength

Aderci combines the strength of metal with the warmth of fireclay by adding aluminum to the classic fireclay composition.

Thinner is stronger!

Larger Interior Basin

Aderci's thin walls also means a thinner base, the combination results in 15-20% more cubic volume in the basin. This means more space for pots and pans without sacrificing counter space!

Maximize workspace!

Chic Updated Styling

Thinner walls result in more modern lines that offer a chic, streamlined look. Giving the classic apron-front sink a fresh face that seamlessly fits any kitchen or style.

Fresh new look!

CLASSICO

CLASSICO

There are distinct features of apron-front sinks that remind us of a simpler era. These utilitarian fixtures reflect a hard-working history as everything from spacious work spaces to bath basins for dogs and small children. No wonder they've long been an iconic element in traditional-style kitchens.

Classico Farmhouse sinks offer four different size options and wide selections of colors. Form fitting sink racks and strainers are included with each Classico Farmhouse Sink.

The classics are classic for a reason.

KITCHEN FAUCETS

All BOCCHI faucets use the finest components, from silky smooth ceramic cartridges to our anti-splash aerators at the end of each spout -- all are designed to improve the experience as well as the durability of using our faucets. These small things might not be immediately noticeable but they add up to bring to your home a great design, and to you a unique everyday experience.

FUNCTION & QUALITY ASSURED

AERATORS & SPOUTS & SPRAYS

All faucets use spouts aerators or flow straighteners to add actual air to the water which contributes to the protection of the environment. Every spray function spout is subject to a tough life-time test guaranteeing 10,000 times of usage. On top of that, each swivel spout tested solid for 50,000 times. These innovations in fluid technology keep your water flow in a controlled and distinctive pattern and eliminates splash back.

EUROPEAN CERAMIC CARTRIDGES

At the heart of every BOCCHI faucet operates a silky-smooth European ceramic cartridge. We test them for 500,000 cycles before we will pass them for use within our faucets. Why? Well this means that under normal use conditions your faucet cartridges have proven that they will work for many years to come. The kitchen faucet is the most used appliance in the kitchen, so cartridge quality assurance is essential.

FINISHING QUALITY

We use traditional artisan hand polishing techniques which ensure perfect, blemish-free surfaces and crisp edges. BOCCHI faucets include three different surface finishes to choose from: Polished Chrome, Brushed Nickel (BN) and Oil Rubbed Bronze (ORB). With more than 8µm nickel thickness and 0.25µm chrome thickness, the most preferred Polished Chrome finish, assures an ever-lasting, shiny surface. All this means that the finish is richer, the plating deeper and ultimately more durable.

LIFETIME LIMITED WARRANTY

Such is our dedication and reputation for quality, we offer a Limited Lifetime Warranty on all our kitchen faucets, from our least to our most expensive designs. We cover the materials used and valves for the lifetime period from the date of registration. For more details, refer to Warranty section in the back of this catalog.

WARRANTY & CARE

Thank You For Choosing BOCCHI

Thank you for choosing BOCCHI. By doing so, you will enjoy the outstanding quality and durability of your new BOCCHI product for many years to come.

All information in this guide is based upon the latest product information available at the time of publication. At BOCCHI, we strive to fulfill our mission of improving the level of luxurious living for each person who is touched by our products and services. We reserve the right to make changes in product characteristics, packaging, or availability at any time without notice.

Please take a few minutes to review this guide. Pay special attention to the care and cleaning instructions.

FIRECLAY KITCHEN SINK LIFETIME LIMITED WARRANTY

BOCCHI warrants its fireclay kitchen, bar, and utility sinks to be free of defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. Gloss reduction, scratching, staining and acid or alkaline etching of the finish over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects, but are indicative of normal wear and tear. This warranty applies only to BOCCHI fireclay kitchen, bar, and utility sinks installed in the United States of America or Canada (North America). If a defect is found in normal residential use, BOCCHI will, at its election, repair, replace or make appropriate adjustment. Damage caused by accident, misuse, or abuse, such as dents, chips and scratches after installation, is not covered by this warranty. Improper care and cleaning will void the warranty. Proof of purchase (original sales receipt) must be provided to BOCCHI with all warranty claims. BOCCHI is not responsible for labor charges, installation, or other incidental or consequential costs. In no event shall the liability of BOCCHI exceed the purchase price of the product.

If the fireclay kitchen, bar or utility sink is used commercially or is installed outside of North America, BOCCHI Co. warrants the fireclay sink to be free from defects in material and workmanship for one (1) year from the date the product is installed, with all other terms of this

warranty applying except duration. All other components other than the fireclay sink carry BOCCHI's one-year limited warranty unless otherwise specified.

FAUCET ONE-YEAR LIMITED WARRANTY

BOCCHI warrants all aspects of the faucet or accessories ("Faucet"), (except non-chrome finishes) to be free of defects in material and workmanship during normal residential use for as long as the original consumer purchaser owns his or her home. This warranty applies only to BOCCHI faucets installed in North America. If a defect is found in normal residential use, BOCCHI will at its election, repair, provide a replacement part or product, or make appropriate adjustment. Damage to a product caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty.* BOCCHI is not responsible for labor charges, installation, or other incidental or consequential costs. In no event shall the liability of BOCCHI exceed the purchase price of the Faucet. If the Faucet is used commercially, or is installed outside of North America, or if the finish is Brushed Nickel (BN) or Oil Rubbed Bronze (ORB) finish, BOCCHI warrants the Faucet to be free from defects in material and workmanship for one (1) year from the date the product is installed, under BOCCHI standard one-year limited warranty.

*DO NOT use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents or other products not recommended for chrome. This will void the warranty.

To obtain warranty service, contact BOCCHI either through your Dealer, Plumbing Contractor, Home Center or E-tailer, or by writing BOCCHI Co., Attn: Customer Care Center, 11350 Old Roswell Rd. Suite 600 Alpharetta, GA 30009, USA. Please be sure to provide all pertinent information regarding your claim, including a complete description of the problem, the product, model number, color, finish, the date the product was purchased and from whom the product was purchased. Also include your original invoice.

IMPLIED WARRANTIES INCLUDING THAT OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED IN DURATION TO THE DURATION OF THIS Bocchi AND/OR SELLER DISCLAIM ANY LIABILITY FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province. This warranty is to the original consumer purchaser only, and excludes product damage due to installation error, product abuse, or product misuse, whether performed by a contractor, Service Company or the consumer. This is BOCCHI's exclusive written warranty.

General Care and Cleaning Tips for BOCCHI Products

For best results, keep the following in mind when caring for your new product:

Always test your cleaning solution on an inconspicuous area before applying to the entire surface.

Wipe surfaces clean and rinse completely with water immediately after applying cleaner. Rinse and dry any overspray that lands on nearby surfaces.

Do not allow cleaners to soak on surfaces.

Use a soft, dampened sponge or cloth. Never use an abrasive material such as brush or scouring pad to clean surfaces.

Care and Cleaning Tips for BOCCHI Fine Fireclay Kitchen Sinks

Rinse thoroughly and use a soft cloth to wipe the product dry after each use.

Soft abrasive cleaners may be used when necessary to clean BOCCHI fireclay products. Strong abrasive cleaners will scratch and dull the surface.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within these factors,

BOCCHI cannot guarantee the effectiveness of the formulas mentioned.

BOCCHI kitchen sink accessories, including bottom bowl racks, wire rinse baskets, cutting boards and colanders will help to protect the surface of your sink.

Care & Cleaning Tips for Chrome and Other Finish Metal Surfaces

Do not use cleaners containing ammonia, bleach or acid.

Rinse thoroughly and use a soft cloth to wipe the product dry after each use.

The Oil-Rubbed Bronze finish should be cleaned only with Windex Original.

Success with cleaners and procedures is dependent upon such factors as the hardness and temperature of the water, using exact measurements of ingredients, changes in cleaning formulas and the condition of the product being cleaned. Since there are variations within these factors, BOCCHI cannot guarantee the effectiveness of the formulas mentioned.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your product looking beautiful.
